## Technical Officer

Classification GW3 - \$65,352 - \$79,730

**Goulburn Valley Water (GVW)** provides quality water and wastewater services to 54 towns in North Central Victoria. Our core purpose is to deliver safe, reliable and affordable water services to residential, commercial and industrial customers.

In this challenging and complex role you will manage the process for providing new water and sewerage services required for new land development proposals and subdivisions.

Playing a key role in providing exceptional customer service, you have the ability to work autonomously as well as part of a small team.

Your technical skills have been honed through recent experience in assessing land development applications, providing a range of stakeholders, including developers and councils, with specific technical advice.

With a savvy mind, you have the ability to understand, interpret and evaluate technical information, including engineering plans and drawings. You are a confident user with planning systems such as Geospatial Information Systems (GIS)

For further information on this position, please contact Paul Kerrins - Technical Customer Services Coordinator on 0439 204 617

**Applications close 5pm, Friday 19 May, 2017**

**Applicants must address each Key Selection Criteria to be considered for an interview**
