6 Australian Water Industry Operator Certification Scheme

Water Industry Operator

Suitably Qualified Person

In accordance with the National Certification Framework, water, wastewater and recycled water providers are required to nominate one or more individuals to undertake the role of a “suitably qualified person”.

It is for the water business' Chief Executive to determine an appropriate delegate, however as a guide it should be the most senior technical officers within the organisation with responsibility for drinking water, wastewater and/or recycled water treatment respectively.

As part of the WIOA Certification Scheme, the suitably-qualified person is required to:

- Provide information on the water, wastewater and/or recycled water processes
- Act as the contact person for WIOA on matters relating to Certification of individuals
- Verify the operating experience within their water business of applicants, including dates of employment
- Endorse that the operator seeking certified status is suitably competent for certification

Authorisation on behalf of the Water business

To be completed by the delegate of the Chief Executive from the employing Water business.
