**WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD**  
**ABN: 83 123 468 422**  
**DIRECTORS' REPORT**

The entity changed its name from Water Industry Operators Association of Australia Ltd, to Water Industry Operations Association of Australia Ltd, on the 22nd January 2024.

The entity has changed its reporting period from the calendar year to the financial year, effective January 1, 2024.

Your directors present this report on the company for the sixth month period ended 30th June 2024.

**Directors**

The names of each person who has been a director during the year and to the date of this report are:

Ron Bergmeier appointed (17/03/2021)  
Mark Samblebe appointed (17/03/2021)  
John Harris resigned (29/05/2024)  
Matthew Greskie appointed (8/05/2023)  
Dean Barnett appointed (28/07/2023)  
Sally Shepherd nee Taylor appointed  
Rachael Miller appointed (29/05/2024)  
Robert Scott appointed (29/05/2024)

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

**Information on Directors**

Ron Bergmeier	—	Director
Qualifications	—	Water Treatment Consultant
Experience	—	40 years experience in the Water Industry and business operations
Special Responsibilities	—	Budget & Finances, Corporate Governance and business development
Mark Samblebe	—	Director
Qualifications	—	B.Science (Aquatic with Honours), Dip Frontline Mgmt;
Experience	—	25 years experience in water industry, 6 yrs Director Private Enterprise
Special Responsibilities	—	Technical & strategic advice, Past President WIOA Inc
John Harris	—	Director - Chair (Resigned 29/05/2024)
Qualifications	—	Water Treatment Technologist (retired)
Experience	—	45 years exp in Tech roles in Water Industry & 20 years Credit Union
Special Responsibilities	—	Technical & strategic advice
Matthew Greskie	—	Director (Appointed 08/05/2023)
Qualifications	—	Bachelor of Engineering, Civil, Hons, GAICD
Experience	—	Chair NAMS Canada, Deputy Chair TWRRB, Dir Cradle Coast
Special Responsibilities	—	WIOA Board Chair, Technical and strategic advice
Dean Barnett	—	Chief Executive Officer / Company Secretary (Appointed 28/07/2023)
Qualifications	—	Dip Proj Mgt, Dip Wat Ops, Dip Eng Tech, Dip Bus Mgt, Dip Bus Aud
Experience	—	33 years water industry with executive experience
Special Responsibilities	—	WIOA Ltd Company Secretary, WIOA Ltd Chief Executive Officer
Sally Shepherd nee Taylor	—	Director (Appointed 31/05/2023)
Qualifications	—	B.Science (Marine), Dip Aquaculture, AdvCert Aquaculture Production
Experience	—	12 yrs water industry, 11 yrs biotech industry, 4 yrs MD & Coy Sec Priva
Special Responsibilities	—	Technical & Strategic Advice, President WIOA Inc
Rachael Miller	—	Director (Appointed 29/05/2024)
Qualifications	—	B. Science (Natural Resource Management)
Experience	—	28 years in water industry in water quality across research, regulation and utility in operations and planning with corporate risk ownership and regulatory relationship management
Special Responsibilities	—	WIOA Board Director
Robert Scott	—	Director (Appointed 29/05/2024)
Qualifications	—	Bachelor of Engineering (Civil, Hons), MEEM, GAICD
Experience	—	25 years water industry experience in operations
Special Responsibilities	—	WIOA Board Director

**WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD**  
**ABN: 83 123 468 422**  
**DIRECTORS' REPORT**

**Principal Activities**

The principal activity of the company during the financial year was:

The Water Industry Operations Association is a not-for-profit membership association with a Mission of developing and supporting people in operational roles in the water industry.

The purpose of the Association is to disseminate knowledge and information; foster research; and provide services of an educational and training nature throughout Australia in relation to and for the benefit of the water industry. The Association has guiding principles of seeking to preserve clean waterways and protect public health and the environment as well as promoting the sustainable management of water.

The Association's constitution contains the following objects:

- (a) To accumulate and disseminate knowledge and information in relation to any aspect of the water industry.
- (b) To increase participation in research by persons engaged in the water industry.
- (c) To increase the knowledge and skills of persons engaged in the water industry.
- (d) To promote standards of education and training to ensure the competency of persons engaged in the water industry.
- (e) To develop key partnerships to deliver high quality education and training in a cost efficient manner.
- (f) To ensure that the Company's educational focus reflects priorities and needs for the water industry.
- (g) To improve equity of access to educational resources regardless of location.
- (h) To provide training and facilitate professional development for supervisors and mentors.
- (i) To integrate continuous quality improvement processes into all aspects of the management and delivery of programmes.
- (j) To do all such things as are incidental and conducive to the attainment of the above objectives throughout Australia.

**Short-term and Long-term Objectives**

The company's short term objectives are to:

- To enhance and support all members involved in the water industry;
- To operate in an environmentally and financially sustainable manner, whilst minimising risks to the organisation;
- To be recognised as the Peak Body for the operational bandwidth of the water industry nationally.

The company's long term objectives are to:

- Expand the capacity and scope of Water Industry Operations Association of Australia Limited (WIOA) to allow a wider range of services and events to be offered on an Australia wide basis, for the betterment of all members and stakeholders in the water industry.

**Strategies**

To achieve its stated objectives, the company has adopted the following strategies:

- Directors have developed, updated and implemented a Strategic Plan designed to allow the organisation to grow and deliver all its services in a sustainable manner;
- Directors review the financial and operational performance of the company, in conjunction with key operational staff.
- A governance framework containing a broad range of policies and procedures has been developed and implemented to assist staff
- Appropriate insurance policies such as Directors and Company Insurance, Professional Indemnity, Public & Products Liability; Volunteer cover, Event Cancellation and other relevant insurances are in place

**Key Performance Measures**

The company measures its own performance through the use of both quantitative and qualitative benchmarks. The benchmarks are used by the directors to assess the financial sustainability of the company and whether the company's short-term and long-term objectives are being achieved.

Two major conferences were delivered in the first 6 months of 2024 in addition to Interest and Charity Days.

The Board focused on the implementation of our revisited the Strategic Plan, with the 2024 Strategic Pillars being Digitisation and Stakeholder Engagement.

The One WIOA Project was delivered in January 2024 merging WIOA Incorporated into WIOA Limited via our revised Constitution.

**AUDITOR'S INDEPENDENCE DECLARATION UNDER  
SECTION 307C OF THE CORPORATIONS ACT 2001  
TO THE DIRECTORS OF  
WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD**

**ABN 83 123 468 422**

**FOR THE SIX MONTH PERIOD ENDED 30 JUNE 2024**

I declare that, to the best of my knowledge and belief, during the six month period ended 30 June 2024 there have been:

- i. No contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- ii. No contraventions of any applicable code of professional conduct in relation to the audit.

**WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD**  
**ABN: 83 123 468 422**  
**NOTES TO THE FINANCIAL STATEMENTS FOR THE SIXTH MONTH PERIOD ENDED 30TH JUNE 2024**

The financial statements cover Water Industry Operations Association of Australia Ltd as an individual entity, incorporated and domiciled in Australia. Water Industry Operations Association of Australia Ltd is a company limited by guarantee.

**Note 1 Material Accounting Policy Information**

The accounting policies that are material to the company are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

**New or amended Accounting Standards and Interpretations adopted**

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**Basis of Preparation**

These general purpose financial statements have been prepared in accordance with the Corporations Act 2001 and Australian Accounting Standards - Simplified Disclosure Requirements and Interpretations of the Australian Accounting Standards Board. The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 19/09/2024 by the directors of the company.

**Accounting Policies**

**The entity has changed its reporting period from the calendar year to the financial year, effective January 1, 2024.**

**(a) Revenue and Other Income**

Water Industry Operations Association of Australia Ltd receives assets from the government and other parties for nil or nominal consideration in order to further its objectives. These assets are recognised in accordance with the recognition requirements of other applicable accounting standards (for example AASB 9, AASB 16, AASB 116 and AASB 138).

On initial recognition of an asset any related amounts are recognised, being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer.

Income is recognised immediately in profit or loss as the difference between initial carrying amount of the asset and the related amounts.

*Operating Grants, Donations and Bequests*

On receipt of operating grant revenue, donations or bequests, an assessment is made as to whether the contract is enforceable and has sufficiently specific performance obligations in accordance to AASB 15,

When both these conditions are satisfied, Water Industry Operators Association of Australia Ltd:

- identifies each performance obligation relating to the grant;
- recognises a contract liability for its obligations under the agreement; and
- recognises revenue as it satisfies its performance obligations.

Where the contract is not enforceable or does not have sufficiently specific performance obligations, Water Industry Operations Association of Australia Ltd:

- recognises the asset received in accordance with the recognition requirements of other applicable accounting standards (for example AASB 9, AASB 16, AASB 116 and AASB 138);
- recognises related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer); and
- recognises income immediately in profit or loss as the difference between the initial carrying amount of the asset and the related amount.

If a contract liability is recognised as a related amount above, income is recognised in profit or loss when or as it satisfies its obligations under the contract

**Capital Grant**

When the company receives a capital grant, it recognises a liability for the excess of the initial carrying amount of the financial asset received over any related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer) recognised under other Australian Accounting Standards.

Income is recognised in profit or loss when or as the obligations under terms of the grant are satisfied.

WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD

ABN: 83 123 468 422

NOTES TO THE FINANCIAL STATEMENTS FOR THE SIXTH MONTH PERIOD ENDED 30TH JUNE 2024

*Membership fees*

Membership fees are recognised as revenue when received.

*Interest Income*

Interest income is recognised using the effective interest method.

All revenue and other income is stated net of the amount of goods and services tax.

**(b) Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value as indicated, less, where applicable, accumulated depreciation and impairment losses. Land and buildings are carried at fair value, buildings not depreciated.

**Plant and Equipment**

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to its estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(d) for details of impairment).

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss in the financial period in which they are incurred.

Plant and equipment that have been contributed at no cost, or for nominal cost are recognised at the fair value of the asset at the date it is acquired.

**Depreciation**

The depreciable amount of all fixed assets, including buildings and capitalised lease assets but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is available for use.

The depreciation rates used for each class of depreciable assets are:

<b>Class of Fixed Asset</b>	<b>Depreciation Rate</b>
Land and buildings	0%
Plant and equipment - Purchased before 12/05/2015	8% - 67%
Plant and equipment - Purchased on or after 12/05/2015	10% - 100%

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised as income in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

**(c) Impairment of Assets**

At the end of each reporting period, the entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is recognised in profit or loss.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an asset's class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

**WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD**

**ABN: 83 123 468 422**

**NOTES TO THE FINANCIAL STATEMENTS FOR THE SIXTH MONTH PERIOD ENDED 30TH JUNE 2024**

**(d) Employee Provisions**

**Short-term employee provisions**

Provision is made for the company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

Provision for employee benefits represents amounts accrued for annual leave and long service leave.

The current portion for this provision includes the total amount accrued for annual leave entitlements and the amounts accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience the company does not expect the full amount of annual leave or long service leave balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the company does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

	6 Months ending June 2024	Dec-23
<b>Provision for Leave</b>	\$	\$
— provision for annual leave	36,518	29,189
— provision for rostered day off	1,619	1,479
— Provision for long service leave	20,611	30,689
Total provision for leave	<u>58,748</u>	<u>61,357</u>

**(e) Cash on Hand**

Cash on hand includes cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

**(f) Accounts receivable and other debtors**

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from customers for goods sold in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Accounts receivable are initially recognised at fair value and subsequently measured at amortised cost using the effective interest rate method, less any provision for impairment. Refer to Note 1(d) for further discussion on the determination of impairment losses.

**(g) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

**(h) Income Tax**

No provision for income tax has been raised as the entity is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

**(i) Provisions**

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of reporting period.

**(j) Comparative Figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current reporting period.

When the company retrospectively applies an accounting policy, makes a retrospective restatement or reclassifies items in its financial statements, a third statement of financial position as at the beginning of the preceding comparative period in addition to the minimum comparative financial statements must be disclosed.

**(k) Accounts Payable and Other Payables**

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD

ABN: 83 123 468 422

NOTES TO THE FINANCIAL STATEMENTS FOR THE SIXTH MONTH PERIOD ENDED 30TH JUNE 2024

(I) **Critical Accounting Estimates and Judgments**

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

**Key Estimates**

*Impairment*

The company assesses impairment at the end of each reporting period by evaluating conditions and events specific to the company that may be indicative of impairment triggers.

*Useful lives of property, plant and equipment*

As described in Note 1(b), the company reviews the estimated useful lives of property, plant and equipment at the end of each annual reporting period.

*Employee benefits*

For the purpose of measurement, AASB 119: *Employee Benefits* requires measurement of long-term employee benefits using a number of estimated inputs. These include probable length of service by employees, rates of wage inflation and future interest rates used for discounting the liability to present value. The inputs used represent the best estimate of the probable liability.

*Valuation of freehold land and buildings*

The freehold land and buildings were independently valued at 20 January 2023 by Kevin Hicks Real Estate. The valuation was based on the fair value less costs of disposal. The critical assumptions adopted in determining the valuation included the location of the land and buildings, the current strong demand for land and buildings in the area and recent sales data for similar properties.

At 30 June 2024, the directors have performed a directors' valuation on the freehold land and buildings. The directors have reviewed the key assumptions adopted by the valuers and do not believe there has been a significant change in the assumptions at 30 June 2024. The directors therefore believe the carrying amount of the land and buildings correctly reflects the fair value less costs of disposal at 30 June 2024.

**Key Judgements**

*Performance obligations under AASB 15*

To identify a performance obligation under AASB 15, the promise must be sufficiently specific to be able to determine when the obligation is satisfied. Management exercises judgement to determine whether the promise is sufficiently specific by taking into account any conditions specified in the arrangement, explicit or implicit, regarding the promised goods or services. In making this assessment, management includes the nature/ type, cost/ value, quantity and the period of transfer related to the goods or services promised.

**Note 15 Members' Guarantee**

The entity is incorporated under the Corporations Act 2001 and is an entity limited by guarantee. If the entity is wound up, the constitution states that each member is required to contribute a maximum of \$10 each towards meeting any outstandings and obligations of the entity. At 30 June 2024 the number of members was 4.

**WATER INDUSTRY OPERATIONS ASSOCIATION OF AUSTRALIA LTD**  
**ABN: 83 123 468 422**  
**DIRECTORS' DECLARATION**

In accordance with a resolution of the directors of Water Industry Operations Association of Australia Ltd, the directors of the company declare that:

1. The financial statements and notes, as set out on pages 5 to 16, are in accordance with the Corporations Act 2001 and:
  - (a) comply with Australian Accounting Standards; and
  - (b) give a true and fair view of the financial position of the company as at 30th June 2024 and its performance for the six month period ended on that date.
2. In the directors' opinion there are reasonable grounds to believe that the entity will be able to pay its debts as and when they become due and payable.

INDEPENDENT AUDITOR'S REPORT

To the Members of Water Industry Operations Association of Australia Ltd

Report on the Audit of the Financial Report

**Opinion**

We have audited the financial report of Water Industry Operations Association of Australia Ltd. (the Company), which comprises the statement of financial position as at 30 June 2024, the statement of profit or loss and other comprehensive income for the six month period then ended, statement in changes in equity, statement of cash flows, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Water Industry Operators Association of Australia Ltd., is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's financial position as at 30 June 2024 and of its financial performance for the six month period then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

**Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information Other than the Financial Report and Auditor's Report Thereon**

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the six month period ended 30 June 2024 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of the Directors for the Financial Report**

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

## **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.
